LOW MAINTENANCE BIKES WITH HIGH STANDARDS

BELT DRIVE & LIGHT WEIGHT MAKE RIDING A BREEZE

THE CRUISER BY BEACH BIKE

The Cruiser by Beach Bike features a belt drive system that needs no routine upkeep, freeing your maintenance staff from the hassle of chain adjustments and lubrication. This ensures your bikes remain in top condition, maximizing availability for your customers and keeping your rental operations running smoothly.

Custom Branding Opportunities: Stand out from the competition with the Cruiser's customization options and add your company's branding to each bike.
